

Mawer Investment Management Ltd. (www.mawer.com) is the largest independent money manager in Alberta, providing portfolio management for private clients and institutions. With assets under management of approximately \$5.0 billion, Mawer was recently chosen as one of "Calgary's Best Places to Work" by *CalgaryInc* magazine. The firm is seeking an individual for the following position.

Full Time Equity Analyst

Duties Include:

The equity analyst will assist portfolio managers in the research process which includes: generating investment ideas, analyzing corporate news & public documents, interviewing management, building discounted cash flow models and making recommendations for the purchase and sale of investments. The analyst will also assist in the reporting, sales & marketing, and compliance of the equity products. This is a generalist role that provides exposure to a broad array of industries within both domestic and international asset classes.

Candidates must demonstrate a passion for investment management, expertise in Microsoft Office applications and familiarity with financial statement analysis. Required skills also include strong analytical ability, and superior speaking & writing skills. Knowledge of Visual Basic for Applications (VBA) and fluency in a second language would be assets. Candidates should be completing (or have) an undergraduate degree and be prepared to enrol in the CFA program.

Applicants should forward their university transcripts, résumé and a covering letter addressing the above requirements by September 23, 2007 via email (include the reference **092307-EA** in the subject line) to the attention of Jim Hall, Director, c/o info@mawer.com, or mail to:

Mr. Jim Hall, Director
Mawer Investment Management Ltd.
900, 603 - 7th Avenue S.W.
Calgary, Alberta T2P 2T5

No telephone inquiries please. We thank all applicants and advise that only those selected for an interview will be contacted.
