- Compile and evaluate company and industry data
- Assist in the development of valuation tools
- Assist in the preparation of company and industry research reports (e.g. quarterly reporting initiatives and marketing packages)

Qualifications

- Ability to work independently under strict deadlines, with an attention to detail and output orientation
- Strong work ethic, ability to take initiative and balance multiple tasks
- Superior business writing skills, presentation skills and interpersonal skills
- Excellent spreadsheet, quantitative and financial analysis skills
- Demonstrated interest in capital markets
- Service orientation and professional attitude – presentable to both internal and external clients
- At least one year experience in Equity Research and/or Investment Banking
- Oil and gas industry experience would be a strong asset

Educational Assets

- Undergraduate degree with a focus on business, finance, mathematics or technical aspects of the oil & gas industry.
- Enrolment in Chartered Financial Analyst (CFA) program
- Other designations or degrees such as CA, MBA, P.Eng would be an asset

We are looking for a tenacious, self-starter with a hunger to succeed, a positive learning attitude and a sense of humour.
