

**Business Analyst, Spectra Energy Midstream
Calgary, Alberta, Canada**

**Start each day with a sense of purpose.
End each day safely with a sense of accomplishment.**

That's the kind of outlook we are striving to achieve for our employees at Spectra Energy (formerly a Duke Energy operation). We value diversity and inclusion, openness and teamwork. Ours is a high-performance culture where you're encouraged to stretch your capabilities and exercise creativity in effecting change and shaping the future.

Spectra Energy is one of North America's premier natural gas midstream companies with critical energy infrastructure connecting natural gas sources to markets and customers. Our approach extends beyond our offices and facilities into our neighbourhoods, towns and cities – through community and economic development partnerships, we cultivate talent and grow leadership.

As part of Spectra Energy Midstream and reporting to the Director, Business Development and Investor Relations, you will provide financial analysis support for a variety of relevant business and corporate development activities. You will also support investor relations activities associated with Spectra Energy Income Fund which is the majority unitholder in Spectra Energy Midstream. Specifically, you will:

- maintain and update the financial forecast for Spectra Energy Midstream
- build and maintain financial models and provide financial and risk analysis support for business and corporate development initiatives
- prepare material for Board of Trustee and Spectra Energy corporate meetings
- support investor relations activities including marketing material preparation
- conduct midstream industry analysis.

Your degree, preferably in finance or economics is ideally supplemented by 2 years' relevant work experience. A CFA, accounting designation or advanced degree such as an MBA would be an asset. You exhibit advanced analytical and Excel skills along with the ability to create complex financial models. A thorough understanding of financial statements and the capacity to perform detailed tax analyses is required.

Please forward your résumé, citing the position title, by December 11, 2007 to BBissett@spectraenergy.com.

We thank you for your interest. Please note that only those shortlisted will be contacted.

Spectra Energy is committed to diversity in our workplace and equal access to opportunities. All candidates will be given fair consideration based on individual merit.
